**Tagore Model Hr. Sec. School**                                          Narmadapuram, MP
12th Board (Percentage – 79.6%)                                  **(April 2019 – May 2020)**

## SKILLS

**Front-end :** HTML5 Bootstrap, CSS3 Tailwind, Javascript, Wireframing
**Backend:** SQL, PHP
**Tools:** Visual Studio code, Jupyter Notebook, Figma
**Languages:** C, C++, Python
**Interpersonal Skills:** Communication, Decision making, Problem solving

## WORK EXPERIENCE

**iRefill Pvt. Ltd (On-site)**                                                   Indore, MP
*Web Developer Intern*                                            **(Sep 2022 – Dec 2022)**

- Spearheaded frontend UI enhancements for better aesthetics and user experience.
- Ensured seamless backend integration with PHP and MySQL, optimizing performance and demonstrating proficiency in web hosting for ongoing IT projects.

## PROJECTS

**College Placement Management System**
As part of a collaborative team, I played a key role in developing a College Placement Management System, enhancing the placement process for students and recruiters. I skillfully utilized Visual Studio Code and MySQL to seamlessly integrate HTML, CSS for front-end design, and PHP and SQL for back-end functionality. Proficiently leveraging tools such as Figma and PHPMyAdmin, I ensured a smooth project lifecycle from inception to delivery.

## CERTIFICATIONS

**Certifications:** Google Professional Data Analytics Certificate (from Coursera)
